Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The property has been renovated to a high standard, with quality finishes, fixtures and a refined layout that distinguish it from many recent sales in the immediate area. Its position in the tightly held Domain precinct, close to the Royal Botanic Gardens, Domain Road and Toorak Road, further limits comparable stock, as few apartments of this calibre and location have sold in the relevant period. Recent nearby sales have been unrenovated, of lower specification, or in settings that do not compare, and so do not reliably reflect this property's value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
