Reason there are fewer than three comparable properties

[X] **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There were limited comparable sales within the relevant period that were considered sufficiently comparable to the property in terms of location, land size, accommodation, presentation and overall offering. While a number of properties were identified within the broader search parameters, several had materially different land sizes, accommodation, condition or property characteristics and were therefore not considered directly comparable. 22 Upper Skene Street, Newtown was considered the most relevant comparable sale and was used in determining the estimated selling price.
