Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Due to the extent and quality of the renovation undertaken at this residence, there have been no directly comparable sales in the surrounding area within the past six months. Recent transactions have not reflected a property of similar character, land size and standard of renovation. Homes of this calibre are rarely offered, and the indicative selling price has therefore been determined with careful regard to broader market conditions, recent sales of properties with shared attributes, and the agent’s own knowledge of buyer demand for premium, fully renovated homes in the local area.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
